MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY AND ECONOMY OVERVIEW

Chemical Industry is one of the oldest industries in India, which contributes significantly towards industrial and economic growth of the nation. Since this industry has numerous forward and backward linkages, it is called the backbone of the industrial and agricultural development of the country and provides building blocks for many downstream industries.

The Indian Chemical Industry has witnessed robust growth in the past decade and has been ranked 6th largest in the world and 3rd largest in Asia according to United Nations Industrial Development Organization (UNIDO). It is expected to register a growth of 8-9% in the next decade and double its share in global chemical industry to 5-6% by 2021.

Government recognizes Chemical Industry as a key growth element of Indian Economy. In Chemical Sector, the Indian Government allows 100% FDI. Manufacture of most of chemical products is delicensed except life hazardous. Its share in manufacturing sector GDP is ~16% and Government has target to increase it to at least 25% by 2025.

The Chemicals Industry in India is the largest consumer of its own products, consuming 33% of its output. With promising growth trends in the Chemicals Industry, this internal consumption is also set to rise.

Indian Chemical Industry's main growth segments are Petroleum and Petrochemicals, Chlor-Alkali, Pesticides, Specialty Chemicals and Pharmaceuticals & Bulk Drugs.

Petrochemical Industry mainly comprises of Polymers, Synthetic Fibers, Fiber Intermediates and Plastic Processing. They find wide application in domestic as well as industrial sectors.

The Indian Petrochemical Industry originated in 1970's and saw rapid growth during the 1980's and 1990's. However, it faced setbacks in 2008 due to surge in prices of crude oil. Growing at a CAGR of 14%, Petrochemical Industry in India is likely to reach USD 100bn by 2020 from the current size of about USD 40bn.

India is the 4th largest producer of Pesticides after USA, Japan and China. India is the 3rd largest producer of Pesticides in Asia.

High potential for growth in chemical industry

The industry comprises both small-scale and large units (including MNCs) and produces thousands of products and byproducts ranging from plastics and petrochemicals to cosmetics and toiletries. The industry consumes a significant share (around one-third) of its own production. The industry has a 14% weightage in the overall Index of Industrial Production (IIP) which gives an indication of its importance in the country's industrial growth. A robust chemical industry ushers in many economic and strategic benefits for the nation. Indian Chemical industry to touch USD 190 billion by end of 2016.

The Indian chemical sector accounts for 13-14% of total exports and 8-9% of total imports of India. In terms of volume of production, it is the twelfth-largest in the world and the third-largest in Asia. Currently, the per capita consumption of products of the Indian chemical industry is one-tenth of the world average, which reflects the huge potential for further growth. The Indian advantage lies in the manufacturing of basic chemicals that are also known as commodity chemicals that account for about 57% of the total domestic chemical sector.

Industry structure

The chemical industry can be broadly classified into two segments – organic and inorganic chemicals. Organic chemicals cover over half of all known chemical compounds, and include petrochemicals, drugs, cosmetics, agrochemicals, etc. Inorganic chemicals comprise alkalis, dyes and dyestuffs.

Based on a more functional classification, chemicals can be divided into basic, specialty and fine chemicals.

Alkali chemicals form the highest chunk in the total chemical production in India. During FY10, alkali chemicals production (till February 2009) was 5.5 MMT and accounted for around 71% of the total chemical production. The dyestuff sector is one of the important segments of the Indian chemical industry and has forward and backward linkages with a variety of sectors

such as textiles, leather, paper, plastics, printing inks and foodstuffs. The textile industry accounts for 70% of the consumption of dyestuffs.

Trend in production of the chemical industry

In the Indian chemical industry, alkali chemicals enjoy the highest contribution in the total production. Since FY02-FY09, the representation of alkali chemicals in the total production has been around 70%, followed by organic chemicals at around 20%. The share of dyes and dyestuffs and pesticides, on the other hand, remain extremely low; however, the production of dyes and dyestuffs has been increasing steadily since FY04 due to its growing significance in sectors such as textiles, leather, plastics and foodstuffs. Nonetheless, the growth in production of organic chemicals has been extremely sluggish. During FY03-FY09, the production of inorganic chemicals rose steadily as compared with the steady production growth of alkali and organic chemicals, therefore this segment grew at comparatively healthier CAGR than the industry as a whole.

Growth of Chemical Industry

The chemical sector has witnessed growth of 13-14% in the last 5 years while petrochemicals have registered a growth of 8-9% over the same period. The major growth drivers, behind India's chemical industry could be listed as follows:

- **Structural advantage:** With a growing market and purchasing power, the domestic industry is likely to grow at over 10-13% in the coming years. Growing disposable incomes and increasing urbanization are fuelling the end consumption demand for paints, textiles, adhesives and construction, which, in turn, leads to substantial growth opportunity for chemicals companies.
- **High domestic consumption:** The chemicals industry in India is the largest consumer of its own products, consuming 33% of its output. With promising growth trends in the chemicals industry, this internal consumption is also set to rise.
- **Diversified industry:** The Indian chemicals industry has a diversified manufacturing base that produces world-class products. There is a substantial presence of downstream industries in all segments. Further, this large and expanding domestic chemicals market also boasts of a large pool of highly-trained scientific manpower.
- **Promising export potential:** Chemicals constitute ~5.4% of India's total exports. India already has a strong presence in the export market in the sub-segments of dyes, pharmaceuticals and agro chemicals. India exports dyes to Germany, the UK, the US, Switzerland, Spain, Turkey, Singapore and Japan.

Government Policies and FDI Investments

Government recognizes Chemical industry as a key growth element of Indian economy. In Chemical Sector, 100% FDI is permissible. Manufacture of most of chemical products is delicensed. The entrepreneurs need to submit only IEM with the DIPP provided no locational angle is involved. Only the following items are covered in the compulsory licensing list because of their hazardous nature.

- Hydrocyanic acid & its derivatives
- Phosgene & its derivatives Isocyanates & di-isocyanates of hydrocarbons

A number of initiatives have been proposed in the 12th 5-year plan (2012-2017) to boost the growth of Indian Chemical industry. Few highlights are:

Investment policies:

- Target to increase the share of manufacturing in GDP to at least 25% by 2025 (from current 16%). Investments in manufacturing in the chemical sector are absolutely essential to ensure growth of the Indian chemical industry
- Government's proposal to set up of a technology up-gradation fund of ~USD 80 Mn in the 12th plan for chemicals.
- Proposal to establish an autonomous USD 100 Mn chemical innovation fund by securing 10% of the total inclusive national innovation fund set up by the National Innovation Council to encourage commercialization efforts for innovations generating inclusive growth

- Other initiatives:
- Government readiness to provide incentives for bio-based raw materials to reduce dependence on crude oil, encourage companies to seek “Responsible Care Certification” and facilitate priority loans to those who meet environment norms
- Government’s plan to expedite the consolidation of multiple legislations governing the chemical industry into one Integrated Chemical Legislation. This legislation should cover the entire life cycle of chemicals. This will act as REACH like legislation for safe use of chemicals for protection of human health & environment
- Chemical industry could be granted tax and duty reductions for specific identified products such as import duty reduction on inputs like coal, furnace oil, naphtha, etc., inclusion of a wider range of inputs under CENVAT credit and encouraging companies to set up captive power plants
- Policies have been initiated to set up integrated petroleum, chemicals and petrochemicals investment regions (PCPIRs). PCPIR will be an investment region spread across 250 square kilometers for manufacturing of domestic and export related products.
- Simplified procedures for FDIs as most of the chemical sector products fall under the automatic approval route for FDI/NRI investment upto 100%

Chemical industry had to face the brunt of global slowdown in past 2-3 years. Global economic uncertainty along with recent regulatory issues has resulted in low FDI inflows to the country. FDI in Chemical industry dropped from USD 749 Mn in FY09 to USD 362 Mn in FY10. However, FDI inflow picked up in FY11 reaching USD 2,345 Mn and USD 4,041 Mn in FY12. Indian Chemical industry also managed to lead industrial IIP in FY13. As per CSO sources, Chemicals IIP for FY13 stood at 3.1% while the overall IIP was 0.8%.

Key Trends & Developments

Indian Chemical players have been focusing on sustainable development. Water, environmental impact, raw materials, safety over lifecycle and energy use is some of the issues grappling the industry. Indian chemical companies are largely investing in innovative solutions to find appropriate answers to these challenges.

Chemical industry is also offering new products according to the changing requirements of the market. The industry has developed microbial de-colorization and degradation procedures for textiles and begun exploring bio-diversity for natural dyes and developing eco-friendly methodology for synthetic dyes. Hindustan Petroleum Corporation Ltd (HPCL), a public sector refiner, has stated its intent to bring to market green lubricants developed from renewable feedstock. DuPont, as part of its R&D strategy, has set up a knowledge center in India focusing on areas like green technologies for refinery processes. Tata Chemicals has established an Innovation center to focus on green technologies in emerging areas such as nano-technology, fermentation and bio-fuels.

Future Prospects & Investment Opportunities

Indian chemical industry is expected to register a growth of 8-9% in the next decade and is expected to double its share in global chemical industry to 5-6% by 2021. Indian Chemical industry has the potential to grow significantly provided some of the key growth imperatives are taken care of. Securing Feedstock, Right Product Mix, M&A opportunities are currently the key imperatives for chemical industry in India. Few investment opportunities can be highlighted as:

- Chemical companies in India can either explore alternate feedstock or invest in setting up plants in resource rich nations to secure feedstock
- Companies need to invest in exploring the right product mix to be competitive and profitable using the available feedstock in India i.e. Naphtha and its derivatives
- Indian companies can explore possible Merger, JV opportunities for technology, capital or access to international market by taking advantage of increasing expansion of western companies in India
- Chemical companies can invest in exploring strategic energy management and strategic water management to cut down their energy costs and contain water availability concerns

- Companies can invest in upcoming PCPIRs in India and overcome challenges related to infrastructure, power and water availability.
- There are good opportunities in segments such as Specialty Chemicals, Specialty Polymers, for catering to huge emerging domestic demand as also as a manufacturing hub.

Performance Evaluation Policy

1. Introduction

The AMS Polymers Limited(formerly, Sai Moh Auto Links Limited)(“**The Company**”) conducts its operations as per the directions provided by the Board of Directors within the framework laid down by the Companies Act, 2013 (“**the Act**”), the Articles of Association, Listing Agreement with stock exchanges and Code of Conduct and policies formulated by the Company for its internal execution. The Company’s Board of Directors is dedicated to act in good faith; exercise their judgment on an informed basis, in the best interest of the company and its stakeholders.

The Act provides that the Nomination and Remuneration Committee shall formulate the criteria for evaluation of performance of Independent Directors and the Board. Such an evaluation procedure will provide a fine system of checks and balances on the performance of the directors and will ensure that they exercise their powers in a rational manner. The Act further casts an obligation on part of the board of directors for evaluating the performance of independent directors. All the directors on the board of a company, except the independent director whose performance is being evaluated, will assess the performance of the independent director. Accordingly, a report of performance evaluation of each independent director of the company would be prepared, which would determine whether to extend or continue the term of appointment of the concerned independent director or not.

As one of the most important functions of the Board of Directors is to oversee the functioning of Company's top management, this Board Performance Evaluation process aims to ensure individual directors ("Directors") and the Board of Directors of the Company ("Board") as a whole work efficiently and effectively in achieving their functions. This policy aims at establishing a procedure for conducting periodical evaluation of its own performance and individual directors. Hence, it is important that every individual Board Member effectively contributes in the Board deliberations.

2. Role of Board and Independent Directors

In conformity with the requirement of the Act, the performance evaluation of all the Independent Directors shall be done by the entire Board of Directors, excluding the director being evaluated.

The Independent Directors are duty bound to evaluate the performance of non – independent directors and Board as a whole. The independent directors of the Company shall meet at least once in a year to review the performance of the non-independent directors, performance of Chairperson of the Company and Board as a whole, taking into account the views of executive directors and non-executive directors.

3. Evaluation Criteria

The Board of Directors shall pay regards to the following parameters for the purpose of evaluating the performance of a particular director. In respect of each of the evaluation factors, various aspects have been provided to assist with the evaluation process in respect of performance of Board itself, and individual directors. Such evaluation factors may vary in accordance with their respective functions and duties. Evaluation of Independent Director shall be carried on by the entire Board in the same way as it is done for the Executive Directors of the Company except the Director being evaluated.

Appraisal of each Director of the Company shall be based on the criteria as mentioned herein below:

PART – B**Policy for appointment and removal of Director, KMPs and Senior Management****I. Appointment criteria and qualifications**

1. The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or senior management level and recommend to the Board his / her appointment.
2. A person to be appointed as Director, KMP or senior management level should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position.

3. A person, to be appointed as Director, should possess impeccable reputation for integrity, deep expertise and insights in sectors / areas relevant to the Company, ability to contribute to the Company's growth, complementary skills in relation to the other Board members.
4. The Company shall not appoint or continue the employment of any person as Managing Director / Executive Director who has attained the age of seventy years and shall not appoint Independent Director who is below age of 21 years. Provided that the term of the person holding this position may be extended at the discretion of the committee beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond Seventy years as the case may be.
5. A whole-time KMP of the Company shall not hold office in more than one company except in its subsidiary company at the same time. However, a whole-time KMP can be appointed as a Director in any company, with the permission of the Board of Directors of the Company.

II. *Term / Tenure*

1. **Managing Director / Whole-time Director**

The Company shall appoint or re-appoint any person as its Managing Director and CEO or Whole-time Director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

2. **Independent Director**

An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

At the time of appointment of Independent Director, it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in case such person is serving as a Whole-time (Executive) Director of a listed company.

III. *Retirement*

The Board will have the discretion to retain the Whole-time Directors, KMP and senior management personnel in the same position / remuneration or otherwise, even after attaining the retirement age, for the benefit of the Company with the approval of shareholders by passing a special resolution at the general meeting of the Company.

PART – C

Policy relating to the remuneration for Directors, KMPs and other employees

A. *General*

1. The remuneration / compensation / commission etc. to Directors will be determined by the Committee and recommended to the Board for approval.
2. The remuneration and commission to be paid to the Managing Director shall be in accordance with the provisions of Chapter xiii of the Companies Act, 2013 read with schedule v, and the rules made thereunder.
3. Increments to the existing remuneration / compensation structure may be recommended by the Committee to the Board which should be within the limits approved by the Shareholders in the case of Managing Director.
4. Where any insurance is taken by the Company on behalf of its Managing Director, Chief Financial Officer, the Company Secretary and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel. Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.

B. *Remuneration to KMPs and other employees*

The policy on remuneration for KMPs and other employees is as below:-

1. Fixed pay

The remuneration and reward structure for employees comprises two broad components - annual remuneration and long-term rewards. The Committee would determine the remuneration of the Directors and formulate guidelines for remuneration payable to the employees.

These guidelines are as under:

a) Annual remuneration

Annual remuneration refers to the annual compensation payable to the employees of the Company. This comprises two parts - a fixed component, and a performance-linked variable component based on the extent of achievement of the individual's objectives and performance of the business unit. Employee is required to determine his/her key result areas for that particular defined role. The performance-linked variable pay will be directly linked to the performance on individual components of the performance and the overall performance of the business. An employee's variable pay would, therefore, be directly dependent on key performance measures that represent the best interests of shareholders.

The objective is to set the total remuneration at levels to attract, motivate, and retain high-caliber, and high potential personnel in a competitive global market. The total remuneration level is to be reset annually based on a comparison with the relevant peer group globally, established through independent compensation surveys, from time to time.

b) Long-term rewards

Long-term rewards may be granted to eligible key employees based on their contribution to the performance of the Company, relative position in the organization, and length of service under the supervision and approval of the Committee.

The grant, vesting and other scheme details would be formulated from time to time.

These long-term reward schemes are implemented to attract and retain key talent in the industry.

2. Minimum remuneration to Managing Director/ Chief Executive officer

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managing Director in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the previous approval of the Central Government.

C. Remuneration/ Setting Fees / Commission to Non-Executive / Independent Directors**1. Remuneration/ Setting Fees / Commission**

The remuneration payable to each Non-Executive Director is based on the remuneration structure as determined by the Board, and is revised from time to time, depending on individual contribution, the Company's performance, and the provisions of the Companies Act, 2013 and the rules made there under.

The remuneration to the Non-executive Directors (including Independent Directors) may be paid within the monetary limit approved by shareholders, subject to the limit not exceeding 1% of the profits of the Company computed as per the applicable provisions of the Companies Act, 2013.

Non-Executive Directors/ Independent Director shall be paid a Setting Fees / Commission as may be decided by the Board of Directors from time to time subject to the limits specified in Companies Act, 2013 and other applicable laws/ Regulations.

2. Stock options

The Independent Directors shall not be entitled to any stock option of the Company.

Policy review

This policy is framed based on the provisions of the Companies Act, 2013 and rules there under and the requirements of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 with the Stock

Exchanges.

In case of any subsequent changes in the provisions of the Companies Act, 2013 or any other regulations which makes any of the provisions in the policy inconsistent with the Act or regulations, then the provisions of the Act or regulations would prevail over the policy and the provisions in the policy would be modified in due course to make it consistent with law.

This policy shall be reviewed by the Nomination and Remuneration Committee as and when any changes are to be incorporated in the policy due to change in regulations or as may be felt appropriate by the Committee. Any changes or modification on the policy as recommended by the Committee would be given for approval of the Board of Directors.

Independent Auditor's Report

To The Members of AMS Polymers Limited (Formerly, Sai Moh Auto Links Limited)

Opinion

We have audited the accompanying IndAS financial statements of **AMS Polymers Limited (Formerly, Sai Moh Auto Links Limited)** ("the Company"), which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit & Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of the Significant Accounting Policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effect of the matters described in the "Basis for Qualified Opinion" section below, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, the **Profit** and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Emphasis of Matter

We draw attention to note no.36 of the financial statements, wherein management while concluding no significant impact due to COVID19 on the current year's financial statement, has considered internal and external source of information relating to economic forecasts and estimates on realizability of various classes of assets and expects to recover the carrying amounts of these assets. However, the assessment of Impact of COVID-19 is a continuing process, given the uncertainties associated with its nature and duration. The company will continue to monitor any material changes to future economic condition.

Our opinion is not modified in respect of the above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Auditor's Response.

We obtained from the Company's management, details of the status as of 31 March 2020 concerning tax assessments and demands for current as well as past years. We assessed the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes to evaluate whether any change was required to management's position on these uncertainties.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, please refer to our separate Report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us :
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.

- ii. There are no long term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, if any, required to be transferred, to the Investor Education and Protection Fund by the Company.

3. The company is not dealing in any physical inventory and therefore there is no question of physical verification of inventory.
4. (a) The company has not granted any loans, secured or unsecured, to the companies, firms or other parties covered in the register U/s. 189 of the Companies Act, 2013.
(b) As the company has not granted any loans, the terms and conditions of the grant of such loans being prejudicial does not arise.
(c) As the company has not granted any loans, no schedule of repayment of principal and interest has been stipulated.
(d) As the company has not granted any loans, there are no overdue amounts.
5. In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments guarantees and security.
6. The Company has not accepted any deposits from the public. Therefore, the directive issued by the Reserve Bank of India and the provision of section 73 to 76 or any other relevant provisions of the Companies Act, 2013, and the rules framed there under does not arise.

7. As informed to us, maintenance of cost records has not been prescribed by the Central Government U/s. 148(1) of the Companies Act, 2013.
8. (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the company is regular in depositing undisputed statutory dues within in the prescribed time to the appropriate authorities and there are no arrears of outstanding statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.
(b) According to the information and explanation given to us, there are no statutory dues which have not been deposited on account of any dispute.
9. According to the information and explanations given to us, the company has not defaulted in repayment of dues to any financial institution or banks.
10. According to the information and explanation given to us, the company has not raised any moneys by way of term-loans/IPOs. for the purpose for which those were raised.
11. Based on the audit procedures performed and the information and explanations given by the management, we report that no fraud by the company and nor any fraud on the company by its officers or employees has been noticed or reported during the year.
12. Based on the audit procedures performed and the information and explanations given by the management, Managerial Remuneration (if any) has been paid or provided in accordance with provisions of Companies Act, 2013.
13. In our opinion, the company is not a Nidhi company within the meaning of relevant law.
14. Based on the audit procedures performed and the information and explanations given by the management, all transactions with related parties are in compliance with section 188 of the Companies Act, 2013 and requisite details have been disclosed in the financial statements as required by the applicable accounting standards.
15. Based on the audit procedures performed and the information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or partly convertible debentures u/s 42 of the Companies Act, 2013 during the year.
16. Based on the audit procedures performed and the information and explanations given by the management, the company has not entered in to any non-cash transaction with directors or others in contravention of section 192 of the Companies Act, 2013.
17. In our opinion, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

AMS Polymers Limited (Formerly, Sai Moh Auto Links Limited)

Annexure B to the Independent Auditor's Report of even date on the Financial Statements of AMS Polymers Limited (Formerly, Sai Moh Auto Links Limited).

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **AMS Polymers Limited (Formerly, Sai Moh Auto Links Limited)**("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

AMS POLYMERS LIMITED
(Formerly, Sai Moh Auto Links Limited)
NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDING 31st MARCH, 2020

1	<p>Background</p> <p>SaiMoh Auto Link Limited is a Limited Company incorporated under the provisions of the Companies Act, 1956. The company is engaged in the business of Trading of Chemical.</p>
2	<p>SIGNIFICANT ACCOUNTING POLICIES</p> <p>This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.</p>
i)	<p>Basis of preparation</p>
a)	<p>Compliance with Ind AS</p> <p>This financial statement has been prepared to comply in all material respects with the Indian Accounting Standard Act, 2013, read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 issued by the Ministry of Corporate Affairs ('MCA'). In addition, the Guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations requires a different treatment</p>
b)	<p>Basis of Measurement</p> <p>The financial statements have been prepared on the accrual and going concern basis and the historical cost convention except where the Ind-AS requires a different accounting treatment. Historical cost is generally based on fair value of the consideration given in exchange of Goods & Services</p>
c)	<p>Use of Estimates & Judgements</p> <p>The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.</p> <p>Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:</p> <p>i) Income taxes: The Company's tax jurisdiction is India. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.</p> <p>ii) Other estimates: The preparation of financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Company estimates the probability of collection of accounts receivable by analyzing historical payment patterns etc.</p>
d)	<p>Current versus non-current classification</p> <p>The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.</p> <p>An asset is treated as current when it is:</p> <ul style="list-style-type: none"> -Expected to be realised or intended to be sold or consumed in normal operating cycle Held primarily for the purpose of trading Expected to be realised within twelve months after the reporting period, or <p>Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period</p> <p>All other assets are classified as non-current.</p> <p>A liability is current when:</p> <ul style="list-style-type: none"> It is expected to be settled in normal operating cycle It is held primarily for the purpose of trading It is due to be settled within twelve months after the reporting period, or There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period <p>The Company classifies all other liabilities as non-current.</p> <p>Deferred tax assets and liabilities are classified as non-current assets and liabilities.</p> <p>The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Based on the nature of products/ activities of the Company and the normal time between the acquisition of the assets and their realisation in cash or cash equivalent, the Company has determined its operating cycle as 48 months for real estate projects and 12 months for others for the purpose of classification of its assets and liabilities as current and non current.</p>

3	<p>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</p> <p>i) Property, plant and equipment Property, Plant and Equipment is carried at cost less accumulated depreciation and accumulated impairment losses, if any. The cost comprises its purchase price, directly attributable cost of bringing the asset to its working condition for its intended use and borrowing Costs attributable to construction of qualifying asset, upto the date asset is ready for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.</p> <p><i>Transition to Ind AS:</i> On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.</p> <p>Subsequent costs Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.</p> <p>Derecognition An item of Property, Plant & Equipment is derecognised upon disposal or when no future economic benefits are expected from the use. Any gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment and are recognised net within "Other income/ Other expenses" in the Statement of Profit and Loss.</p> <p>Depreciation Depreciation is charged on the assets as per Written Down Value method at rates worked out based on the useful lives and in the manner prescribed in the Schedule II to the Companies Act, 2013. The depreciation method, useful lives and residual value are reviewed at each of the reporting date. Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which the asset is ready for use (disposed off). The residual values and useful life are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.</p> <p>ii) Intangible assets Computer software Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any.</p> <p>Amortisation methods and periods: The intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the Company for its use. The amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.</p> <p>iii) Financial Instruments</p> <p>a) Financial Assets Financial assets comprise investments in equity instruments, loans and advances, trade receivables, Cash and cash equivalents and other eligible assets.</p> <p>Initial recognition and measurement: All financial assets are recognised initially at fair value except trade receivables which are initially measured at transaction price. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.</p> <p>Subsequent Measurement: -Financial Assets measured at amortised cost: Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method.</p> <p>They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. These financial assets are subsequently carried at amortized cost using the effective interest method, less any impairment loss. The EIR amortisation is recognised as finance income in the Statement of Profit and Loss.</p>
----------	---

- Financial assets at fair value through other comprehensive income (FVTOCI): Financial assets held within a business model whose objective is achieved by both collecting the contractual cash flows and selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payment towards principal and interest (SPPI) on principal outstanding are subsequently measured at FVTOCI. Fair value movements in financial assets at FVTOCI are recognised in other comprehensive income. However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain loss in statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the expected interest rate (EIR) model.

-Equity instruments other than investment in associates: Equity instruments held for trading are classified at fair value through Profit or Loss (FVTPL). For other equity instruments the Company classifies the same as at FVTOCI. The classification is made on initial recognition and is irrevocable. Fair value changes on equity instruments at FVTOCI, excluding dividends, are recognised in other comprehensive income (OCI).

- Financial assets at fair value through fair value through Profit or Loss (FVTPL): Financial assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortised cost or at fair value through other comprehensive income. Fair value changes are recognised in Statement of Profit and Loss.

Derecognition of financial assets:

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or the financial asset is transferred and the transfer qualified for derecognition. On derecognition of financial asset in its entirety the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognised in Statement of Profit and Loss.

Impairment of financial assets:

Trade receivables, contract assets, receivables under Ind AS 109 are tested for impairment based on the expected credit losses (ECL) for the respective financial asset. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Statement of Profit and Loss. The approach followed by the company for recognising the impairment loss is given below:

1) Trade receivables

An impairment analysis is performed at each reporting date. The expected credit losses over lifetime of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions.

2) Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL issued. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

b) Financial liabilities:

Financial liabilities comprise borrowings, trade payables and other eligible liabilities.

Initial recognition and measurement:

Financial liabilities are initially recognised at fair value. Any transaction costs that are attributable to the acquisition of the financial liabilities (except financial liabilities at fair value through profit or loss) are deducted from the fair value of financial liabilities.

Subsequent measurement

Financial liabilities at amortised cost: The Company has classified the following under amortised cost:

- a) Trade payables
- b) Other financial liabilities

Amortised cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the cumulative amortisation using the effective interest rate (EIR) method of any difference between that initial amount and the maturity amount.

- Financial liabilities at fair value through profit or loss (FVTPL): Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

For trade and other payables maturing within one year from the Balance Sheet Date are carried at a value which is approximately equal to fair value due to the short maturity of these instruments.

	<p>Derecognition of financial liabilities A financial liability shall be derecognised when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.</p>
	<p>c) Offsetting financial instruments Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.</p>
	<p>d) Reclassification of Financial Assets The Company determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets or financial liabilities that are specifically designated at FVTPL. For financial assets, which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.</p>
iv)	<p>Borrowing Costs Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which they are incurred. To the extent the Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the Company determines the amount of borrowings costs eligible for capitalization by applying a capitalization rate to the expenditure incurred on such asset. The capitalization rate is determined based on the weighted average of borrowing costs applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing costs that the Company capitalizes during a period does not exceed the amount of borrowing costs incurred during that period.</p>
v)	<p>Impairment of non-financial assets The carrying amount of the Company's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.</p> <p>The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risk specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from the continuing use that are largely independent of cash inflows of other assets or group of assets (the cash generating unit).</p> <p>An impairment loss is recognized if the carrying amount of an asset or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment losses are recognised in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit or group of units on a pro rata basis.</p> <p>Reversal of impairment loss Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.</p> <p>An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.</p>
vi)	<p>Inventories Inventories are valued at lower of cost and net realizable value. The costs comprise its purchase price and any directly attributable cost of bringing to its present location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated variable costs necessary to make the sale.</p>

vii)	<p>Provisions and Contingencies</p> <p>A provision arising from claims, litigation, assessment, fines, penalties, etc. is recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect current management estimates. Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. When there is a possible obligation or present obligation where the likelihood of an outflow is remote, no disclosure or provision is made.</p> <p>A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed, where an inflow of economic benefits is probable.</p> <p>When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.</p> <p>If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.</p> <p>The company does not recognize a contingent liability but disclosed its existence in the financial statements.</p>
viii)	<p>Income Taxes</p> <p>Income tax comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.</p> <p>Current tax</p> <p>Current tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.</p> <p>Deferred tax</p> <p>Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.</p> <p>Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.</p> <p>Deferred tax liabilities are recognized for all taxable temporary differences.</p> <p>The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.</p> <p>Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.</p> <p>Minimum Alternate Taxes</p> <p>Minimum Alternate Tax (MAT) is payable when the taxable profit is lower than the book profit. Taxes paid under MAT are available as a set off against regular income tax payable in subsequent years. MAT paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period i.e the period for which MAT credit is allowed to be carried forward. MAT credit is recognised as an asset and is shown as 'MAT Credit Entitlement'. The Company reviews the 'MAT Credit Entitlement' asset at each reporting date and write down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.</p>
ix)	<p>a) Foreign Currency Translations</p> <p>Functional and Presentation Currency</p> <p>Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is BOJ Heights Private Limited's functional and presentation currency.</p>

	<p>b) Transactions and balances</p> <p>Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in profit or loss.</p> <p>x) Leases</p> <p><i>As a Lessee:</i></p> <p>Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.</p> <p>Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.</p> <p>The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. Arrangements containing a lease have been evaluated as on the date of transition i.e. April 1, 2016 in accordance with Ind-AS 101 First-time Adoption of Indian Accounting Standards.</p> <p><i>As a Lessor:</i></p> <p>Leases in which the company does not transfer substantially all the risk and benefits of ownership of the assets are classified as operating leases. Assets subject to operating lease are included in Property, Plant & Equipment. Lease income on an operating lease is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognized immediately in the statement of profit & loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.</p> <p>xi) Cash and Cash Equivalents</p> <p>For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.</p> <p>xii) Revenue Recognition</p> <p>Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.</p> <p>Income from Services – Revenue is recognized on an accrual basis in accordance with the terms of the relevant agreement.</p> <p>Interest Income: Interest income is recognized as it accrues in Statement of Profit and Loss using the effective interest method.</p> <p>Dividend income - Revenue is recognized when the shareholder's right to receive payment is established at the balance sheet date. Dividend income is included under the head "Other income" in the statement of profit and loss.</p> <p>xiii) Earnings Per Share</p> <p>Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.</p> <p>Diluted earning per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.</p> <p>xiv) Segment reporting</p> <p>Business segment: The Company has a single reportable business segment namely; carrying out business of trading of goods (Chemical items)</p> <p>xxi) Rounding of amounts</p> <p>All amounts disclosed in the financial statements and notes have been rounded as per the requirement of Part I of Schedule III, unless otherwise stated.</p>

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDING 31st MARCH, 2020

34 Financial Risk Management

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board. The financial risks are identified, measured and managed in accordance with the Company's policies on risk management. Key financial risks and mitigation plans are reviewed by the board of directors of the Company.

A. MARKET RISK

Market risk is the risk of loss of future earnings, fair value of future cash flows that may result from a change in the price of financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, equity prices and other market changes that may effect market sensitivity instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, loans and borrowings.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to balance the Company's position with regards to interest income and interest expense and to manage the interest rate risk, management performs a comprehensive interest rate risk management. The Company has no interest bearing borrowings hence it is not exposed to significant interest rate risk as at the respective reporting dates. The Company's fixed rate financial assets are carried at amortized cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of change in market interest rates.

Foreign currency risk

The Company has operations in India only hence Company's exposure to foreign currency risk is nil.

Price Risk

Price risk arises from exposure to equity securities prices from investments held by the Company. The

B. CREDIT RISK

Credit risk is the risk that customer or counter-party will not meet its obligation under the contract, leading to

Trade Receivables

Customer credit risk is managed on the basis of established policies of the Company, procedures and controls

Other Financial Assets

There is no credit risk exposure with respect to other financial assets as they are either supported by legal
- Deposits are held with Banks are with Nationalized Bank, hence the risk of default is considered to be
- Other receivables from related parties are as per approved policy and the established procedure to monitor

Provision for Expected Credit losses

Financial Assets are considered to be of good quality and there is no credit risk to the Company.

C. LIQUIDITY RISK

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors rolling forecasts of the liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.
